JD-ST-001

3-in-1 Starlink Power Cable

Compatible With:
Starlink Mini

Specifications:
3 m | Cigarette Lighter / DC / USB-C input | DC output

JD-ST-002

Cigarette Lighter to DC Power Cable

Compatible With:
Starlink Mini / DC-powered Starlink setups

Specifications:
0.3 m | Cigarette Lighter input | DC output

JD-ST-003

Switched Cigarette Lighter to DC Cable

Compatible With:
Starlink Mini / DC-powered Starlink setups

Specifications:
3 m | Cigarette Lighter input | DC output | Inline switch

JD-ST-004

USB-C to DC Starlink Power Cable

Compatible With:
Starlink Mini

Specifications:
3 m | USB-C PD input | DC output

JD-ST-005

USB-C to DC Adapter

Compatible With:
Starlink Mini

Specifications:
USB-C PD input | DC output

JD-ST-006

DC to DC Starlink Cable

Compatible With:
Starlink Standard / compatible DC interface

Specifications:
2 m / 3 m / 5 m | DC input | DC output

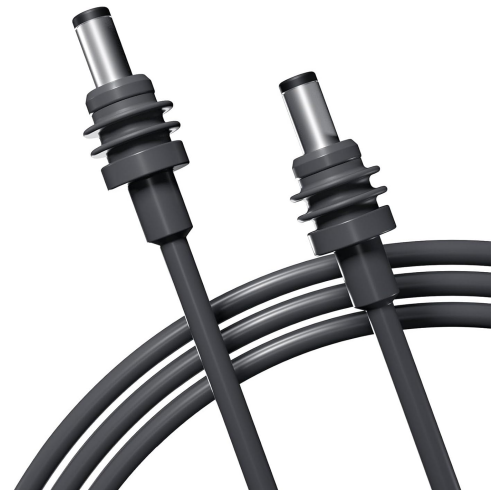

JD-ST-007

DC Cable Extender

Compatible With:
Compatible Starlink DC cable interface

Specifications:
DC input | DC output

JD-ST-008

Starlink Male-to-Male Cable

Compatible With:
Starlink Standard / compatible Starlink cable interface

Specifications:
2 m / 3 m / 5 m | Male-to-male

JD-ST-009

Starlink Male-to-Female Extension Cable

Compatible With:

Starlink Standard / compatible Starlink cable interface

Specifications:

0.3 m | Male-to-female

JD-ST-010

Starlink Mini O-Ring Power Cable with Switch

Compatible With:

Starlink Mini

Specifications:

3 m | Battery O-Ring input | DC output | Inline switch

JD-ST-011

Starlink Mini O-Ring to DC Cable

Compatible With:

Starlink Mini

Specifications:

3 m | Battery O-Ring input | DC output

JD-ST-012

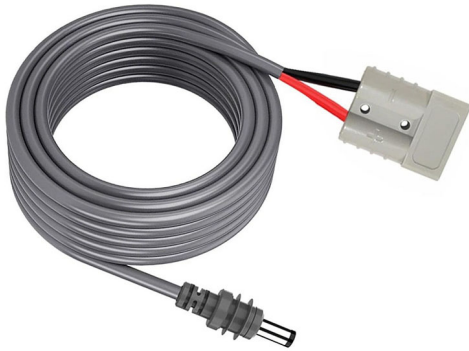

Starlink Mini SAE to DC Cable

Compatible With:

Starlink Mini

Specifications:

3 m | SAE input | DC output

JD-ST-013

Starlink Mini Anderson 50A to DC Cable

Compatible With:
Starlink Mini

Specifications:
3 m | Anderson 50A input | DC output

JD-ST-014

Starlink Mini Anderson to DC Cable

Compatible With:
Starlink Mini

Specifications:
0.3 m | Anderson input | DC output

JD-ST-015

AC to DC Power Cable / Adapter

Compatible With:
Starlink Mini / compatible DC-powered setups

Specifications:
1 m | AC adapter input | DC output

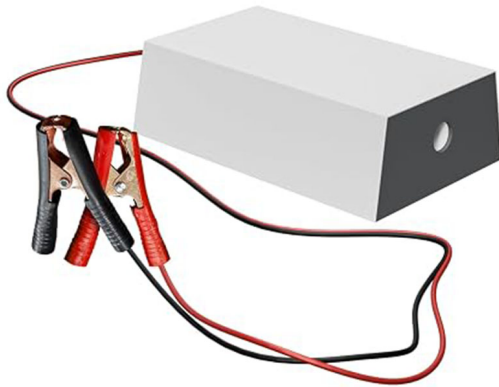

JD-ST-016

Battery Clip to DC Cable with Converter & Switch

Compatible With:
Starlink Mini / DC-powered Starlink setups

Specifications:
1 m | Battery clips | DC output | Converter | Switch

JD-ST-017

Battery Clip to DC Cable with Converter

Compatible With:

Starlink Mini / DC-powered Starlink setups

Specifications:

1 m | Battery clips | DC output | Built-in converter

JD-ST-018

Cigarette Lighter to DC Cable with Converter

Compatible With:

Starlink Mini / DC-powered Starlink setups

Specifications:

1 m / 2 m / 3 m | Cigarette Lighter input | Converter | DC output

JD-ST-019

Cigarette Lighter to DC Converter Cable

Compatible With:

Starlink Mini / DC-powered Starlink setups

Specifications:

1 m / 2 m / 3 m | Cigarette Lighter input | Converter | DC output

JD-ST-020

Cigarette Lighter to DC Cable with Converter

Compatible With:

Starlink Mini / DC-powered Starlink setups

Specifications:

1 m / 2 m / 3 m | Cigarette Lighter input | Converter | DC output

JD-ST-021

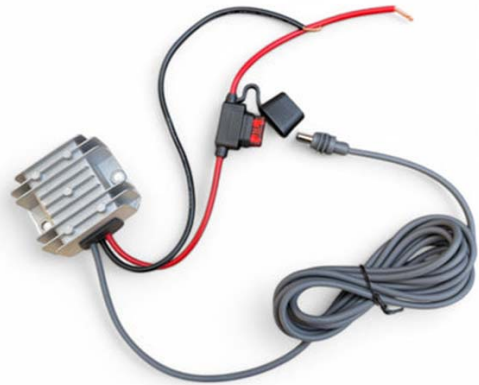

Battery O-Ring to DC Cable with Converter

Compatible With:

Starlink Mini / DC-powered Starlink setups

Specifications:

1 m / 2 m / 3 m | Battery O-Ring input | Converter | DC output

JD-ST-022

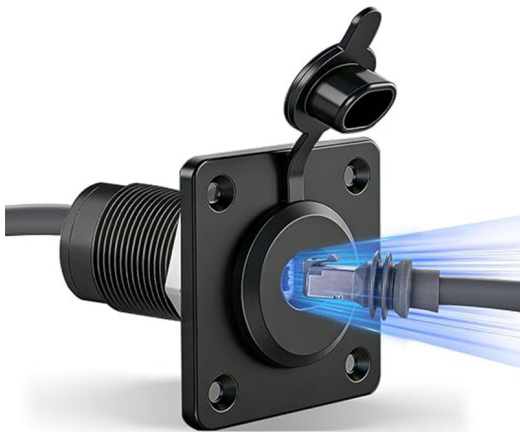

Battery O-Ring to DC Converter Cable

Compatible With:

Starlink Mini / DC-powered Starlink setups

Specifications:

1 m / 2 m / 3 m | Battery O-Ring input | Converter | DC output

JD-ST-023

Ethernet Waterproof Pass-Through Socket

Compatible With:

Starlink Mini / Ethernet installations

Specifications:

Socket only | Ethernet pass-through

JD-ST-024

DC Waterproof Pass-Through Cable

Compatible With:

Starlink Mini / compatible DC installations

Specifications:

0.3 m | DC pass-through

JD-ST-025

2-in-1 Starlink Wall Pass-Through Socket

Compatible With:

Starlink installations; connector dependent

Specifications:

Socket only | 2-in-1 pass-through

OEM / ODM CUSTOMIZATION

We provide OEM and ODM manufacturing services.

Wiring methods, connector configurations and product functions can be customized according to your design and requirements.

Contact Junde Electric for custom solutions.
